

Edgenuity courses can be accessed and completed on Android tablet mobile devices. Schools and districts utilizing the Edgenuity system on mobile devices will need to ensure devices meet the minimum system requirements below. Third-party software installation is not supported on these devices.

Information within this document contains details on interaction with Edgenuity, including a complete list for compatible and incompatible courses, for these devices.

Edgenuity Minimum System Requirements: Android Tablets	
Operating System	Example Devices
Android: 4.3 (Jelly Bean or higher)	Google Pixel C Samsung™ Galaxy Tab® 3 Dell Venue 10 7000
Minimum Bandwidth	
<ul style="list-style-type: none"> ✘ Edgenuity courses run on a web-based platform. Use of school Wi-Fi with an Edgenuity Media Appliance is recommended. ✘ Without access to an Edgenuity Media Appliance, 2 Mbps per concurrent user is recommended when using mobile devices. 	
Compatibility	
<ul style="list-style-type: none"> ✘ The Android operating system is supported by Edgenuity, but the Android browser is not. Android users should download and only use the Chrome browser to access Edgenuity. Smart phone and smart watch devices are not supported by Edgenuity. ✘ Secure Station, an Edgenuity feature that allows educators to limit user access to certain devices / computers, utilizes Java® and is not compatible with mobile devices. ✘ Districts can use the IP Registry feature to regulate which IP addresses are approved to take assessments. Since this feature does not require a Java plugin – it is a mobile friendly solution. 	
<p>PLEASE NOTE: Example devices listed above have been tested to be functional when using Edgenuity. Other devices not listed may be used providing they meet the minimum requirements. Windows based tablets and the Windows RT operating system is fully supported by Edgenuity when using Edgenuity 3000+ series courses. Please reference the Minimum System Requirements document for additional information. Chromebook™ and iPad® minimum system requirements and course compatibility information are located within the Chromebook Usage Overview and iPad Usage Overview documents.</p>	

Compatible Courses for Android Tablets

Edgenuity MyPath and the following Edgenuity courses are fully compatible with Android tablets.

Advanced Placement®

- AP Calculus AB
- English Language & Composition
- English Literature & Composition
- Environmental Science
- Human Geography
- Psychology
- U.S. History
- World History

Career Electives

- Career Explorations
- Career Planning & Development
- Introduction to Entrepreneurship
- Personal Finance

Career Pathways

- Health Science Concepts
- Introduction to Health Science
- Medical Terminology
- Nursing Assistant
- Pharmacy Technician
